

## Soldiers Start Scrap Drive in County

### Lt. Thos. H. Lair Is War Prisoner

Was First Reported as  
Missing in Action In  
Bombing Raid on Germany

LT. THOMAS H. LAIR

Lt. Thomas H. Lair is a prisoner in Germany, according to a report received Saturday by his parents, Mr. and Mrs. Tom Lair.

Lt. Lair was reported by the war department to be missing in action on October 14 in the Schweinfurt bombing trip over Germany.

Lt. Lair joined the Air Corps Aug. 15, 1942, and was awarded his wings on April 22, 1943. He had been on several bombing missions over Germany before his Flying Fortress was shot down.

### Men Recently to Overseas May Be Mailed Gifts

Many men have sailed for overseas since the deadline on mailing Christmas packages. Members of their families now wonder about getting Christmas packages to them.

Under the postal regulations, packages may be mailed to men who have been shipped overseas after the deadline. Those wishing to mail such packages must take to the postoffice letters or cards showing that the men have been given A. P. O. addresses. A. P. O. indicates that they have been shipped, or will be shipped immediately.

Such late packages are not assured of delivery before Christmas but the postal department will use all efforts to make deliveries as quickly as possible.

### Four Navy Men Left Monday To Start on Their Training

Preston Da Prichard, James Merwin Duncan, Robert Marvin Brazil, and Leo Francis Hamel reported Monday at Lubbock to start their training in the navy. They were accepted in this branch of the service last week when selectees were sent from Randall county.

Robert Mack Rogers, who was accepted in the Marine Corps, leaves December 3.

Edwin Dale Bowman, transferred to California for induction, and William Fred Martin, transferred to Lubbock were rejected on the call of last week. Reports have not been received on other men who were transferred to other counties for induction.

### Boys Available for Work Each Week

Milton Morris states that he has seven boys who wish farm work every Saturday, and three boys who are available for farm work Thursdays and Saturdays.

Mr. Morris asks farmers who need help to phone him and he will arrange for the boys to go out for labor.

### Capt. Neblett With the Marine Corps

According to information to his family, Capt. R. A. Neblett has been attached to the Marine Corps. He is in the Medical Corps and left two months ago for duty in the Pacific. His location cannot be revealed by his letters.

Clarence Richard Gilliam 1 S/C left Tuesday for Davisville, R. I., after spending three weeks with friends in Canyon.

### Discount Taxes to Be Less During the Month December

Another tax period comes to a close next Tuesday.

State and county taxes which are paid by November 30 will be subject to a 2% discount.

The discount for December drops to 1% and no discount is allowed for taxes paid during January. Unpaid taxes are delinquent on February 1st and are subject to a penalty and interest.

The State is starting a drive on delinquent taxes. The Commissioners Court of Randall county has ordered that collections be made on delinquent taxes in order to clear the rolls. All citizens who have delinquent taxes should check up at once and see to it that their taxes are paid before tax suits are started on their property.

Practically two-thirds of 1943 taxes were paid during October in order to take advantage of the 3% discount offered during the month.

### Col. McDonald Is Subject Articles In Two Magazines

Colonel T. H. McDonald, formerly of Canyon, was wounded in the battle of Salerno, and writes to Lt. Reeves Donnell that he will likely be returned to the United States soon.

Col. McDonald was a lieutenant in Company F for several years, serving under the late Capt. W. E. Lockhart. He was commandant of the Amarillo high school ROTC when the National Guard was called into federal service.

In the Sept. issue of Life and Time there is an article by Jack Belden headed, Battle of Salerno. This article is of great interest to Canyon people since so many Canyon boys were engaged in this battle. Belden refers to a Colonel. It is now revealed that this officer was Col. McDonald.

Canyon citizens will recall that Mrs. McDonald died recently and was buried at Abilene. Col. McDonald was overseas at the time of her death.

### Mrs. D. E. Davis Died Tuesday; Fun- eral Plan Pending

Mrs. Lonnie Belle Davis, 56, wife of D. E. Davis of this city, died Tuesday afternoon at 1:15 o'clock at an Amarillo hospital. The family has lived here for 12 years. She was a member of the Methodist Church.

The body is in charge of the Griggs-Thompson Funeral Home pending funeral arrangements.

Surviving are the husband and 12 children: the husband, D. E. Davis of Canyon; five sons, Archie Davis, Wilburn Davis, Loyce Davis, Eugene Davis, of Canyon; Gladson Davis of Umparger; seven daughters, Mrs. Roy Blair of Amarillo, Mrs. Argel Browner of Ft. Worth, Mrs. Herman Sporerberry of Seagraves, Mrs. Jimmie Carney of San Diego, Mrs. Roy Moreau of Canyon, and Misses Gladys and Donna Dean Davis of Canyon.

### SGT. CHEATHAM OVERSEAS

Sgt. Roy Cheatham is on his way overseas, according to information to his mother, Mrs. J. A. Cheatham. No information has been received as to destination since sailing from the east coast.

### P. H. Springer Dies of Accident

Veteran of World War II  
Discharged After Being  
Wounded in Australia

Preston Hall Springer died Sunday morning at the Veterans Hospital in Amarillo following a car accident north of Canyon Friday night. He was 24 years old and was discharged from the army on April 9 after serving for 2 years and 27 days.

Mr. Springer was inducted in the army from Randall county on March 13, 1941. He was a corporal in the quartermasters corp. Wounded in an air raid in Australia, he was returned to America and discharged. He was still under treatment at the Veterans Hospital.

He took a friend to the bus station in Amarillo Friday night and in returning home alone early Saturday morning was fatally injured when the car turned over on him. He was alone at the time and the details of the accident are unknown.

The funeral was held Monday afternoon at 3 o'clock at the Baptist Church in Happy conducted by Rev. T. D. Sumrall of Pampa.

Pall bearers were: John Robinson, Edgar Robinson, Clay Cooper, Hampton Lisle, Ralph Guest, Jack Taylor. Honorary pall bearers were: Ross Craig, Lee Foster, C. O. Cooper, T. C. Gooch, R. C. Vernon, Sam LaRoe, Carl Hair, L. L. Byars.

Surviving are: the father, B. D. Springer; three sisters, Mrs. C. P. Robertson, Mrs. Stacy Howell, Mrs. Henry Ford of Claude; two brothers, Theodore Springer of Clovis, and Boyce Springer, who is a prisoner of the Japanese in the Philippine Islands.

### Christmas Card Mailing Urged Early in Dec.

Christmas cards mailed to men overseas must be mailed before the first of December to insure reaching the men on time.

Christmas greetings going overseas must be sealed and bear a 3-cent stamp according to postal regulations.

Christmas cards going to friends within the United States may be mailed at 1½ cents, if unsealed. However, the postal department urges that all Christmas cards should be mailed early in December. Thousands of cards were not delivered last year until after Christmas, because of heavy mails and late posting.

### Ensign Arthur Haley To Pacific Coast

Ensign and Mrs. Arthur C. Haley, Jr., arrived Thursday afternoon from Chicago, where Mr. Haley has been in training as a signal officer in the navy. He left Monday for San Diego, Calif., where he will report to the commander of the fleet.

Mrs. Haley is remaining at the parental Warwick home until it is determined as to when Mr. Haley will go to sea.

### STORK SPECIAL

A daughter was born to T-Sgt. and Mrs. Roy C. Moreau at an Amarillo hospital Nov. 17.

Mr. and Mrs. W. H. Harden returned Friday from an extended visit with friends and relatives in Mississippi, Tennessee and Missouri.

## Thanksgiving Day Proclamation

WHEREAS, our Pilgrim forefathers, who braved the hardships and toil of this new continent, stopped in their work and established a custom of offering thanks to God at the close of the harvest season, and

WHEREAS Thursday, November 25th is to be set aside as a day of Thanksgiving for this nation in recognition of our many blessings, and

WHEREAS, we as a people have much to be thankful for and should halt in our business life long enough to give due thanks to our Heavenly Father.

THEREFORE, be it ordered that all business houses of Canyon who can, without violating their pledge to public service remain closed on this day, and all citizens enjoying the many blessings of this nation offer thanks on this day.

Given under my hand and seal this the 22nd day of November, A. D. Nineteen hundred and forty-three.

W. A. WARREN,  
Mayor City of Canyon.

Attest:

B. F. OATIS, Commissioner.  
S. B. ORTON, Commissioner.  
BBERL E. MAYFIELD, Secretary.

## Remit Total of War Chest Drive

No Expenses Are Deducted  
For Contributions Made to  
United War Chest Campaign

County Treasurer Gordon Lyons made a final report to the Texas State treasurer of the United War Chest Saturday, remitting a total of \$3,747.92.

This was the entire amount of money collected in the recent Randall County Drive.

No expenses for the drive were taken from the contributions of the people of Randall county, and every cent of these contributions was sent to the state treasurer where the money will be divided among the 17 agencies which participated in the drive.

In a majority of the counties, local needs were included in this drive, but since Randall county has never had a local relief chest no amount was set aside for this purpose at the beginning of the drive. Therefore, every cent which was contributed by the people of Randall county went directly to the war funds. This is probably one of the very few counties of the nation in which local expenses were not deducted from the drive, as was permitted. However, County Chairman Milton Morris and County Treasurer Lyons believed that since the people made their contributions for the war funds alone, that no local expenses should be deducted. The small expenses connected with the drive were paid by the Chamber of Commerce in order that 100% remittance should be made on the war chest.

1st Lt. Elmer McNight of Littlefield visited in the home of Mr. and Mrs. T. M. Thurmon Tuesday. He is instructor in the army air corps at Midland.

## Donors to W. T. Fund Are Passing Very Rapidly

John Knight has uncovered interesting history in connection with the location of the college in Canyon. He has a copy of the subscription list on which appears the names of 177 Canyon citizens when a bid of \$100,100 was made for the location of the school.

The subscription list totaled \$101,825. Of the 177 men who made the donations, 116 are now dead, leaving 61 of the original group.

The local committee which had in charge the bid of Canyon, and collecting the bonus money was: L. T. Lester, Dr. J. M. Black, R. A. Terrill, Cyrus Ekman, L. E. Cowling, A. S. Rollins and Oscar Hunt. Only the two latter men are now living.

This subscription list was compiled 35 years ago.

## Stevenson Attended District Meeting

T. S. Stevenson, clerk of the War Price and Rationing Board, attended a district OPA meeting in Pampa Monday and Tuesday. Clerks from all Panhandle counties were in conference at that time.

No action has been taken by the local board to secure the appointment of a successor to W. J. Wooten, who resigned as chairman of the board last week.

## Cpl. Ken Walters Gets Conduct Medal

Cpl. Kenneth P. Walters, son of Mr. and Mrs. P. L. Walters, who is instructing 18 year old boys at Ft. Benning, Ga., was recently decorated with the Army Medal of Good Conduct by the commanding officer. Five other men in the company also received the medal.

Cpl. Walters is expected home next week on a furlough.

### LT. McELROY IS MISSING

Lt. Jimmie McElroy of Farwell has been reported missing in action. He was a navigator in the Army Air Corps.

Lt. McElroy and Miss Linnette Cain were married a year ago. She is now with her parents in Long Beach, Calif.

### MRS. UPFOLD AT HOME

Mrs. E. A. Upfold was brought home from Amarillo Sunday where she was taken two months ago when her legs were broken. The bones have knit so that she is able to move her legs a little. However, she is confined to her bed.

### MARRIAGE LICENSE

W. E. Earnest and Miss Gladys Holland, Nov. 18.

Mrs. J. W. Hastings of Portales and daughter, Miss Ila Mae Hastings of Long Beach, Calif., were here this week on business.

Mrs. L. S. Baker left Saturday for California where she will spend three months with her mother.

## Thanksgiving Is To Be Observed

Union Service of All  
Churches at 9:30 at the  
First Christian Church

Churches of Canyon are uniting Thursday morning at 9:30 o'clock in a Thanksgiving service at the First Christian Church.

A choir from all churches in Canyon practiced Sunday afternoon and will have special music for this service, directed by Miss Pauline Brigham.

Rev. Robert W. Jones, pastor of the First Presbyterian Church, will preach the Thanksgiving sermon.

Dr. Roy L. Johnson, pastor of the Baptist Church, will read the Thanksgiving proclamation.

Rev. C. C. Armstrong of the Methodist Church and Rev. Joseph Findley of the Christian Church will assist in the service.

Citizens of Canyon are invited to participate in this service Thursday morning.

## Bond Sales For November Runs Under the Quota

Randall county is far from its quota of War Bonds for the month of November.

With a quota of \$26,600, the sales up to Monday night amounted to only \$12,843.75, according to a statement issued by County Chairman R. H. Wright.

With the month ending next Tuesday all citizens are urged to buy their quota of War Bonds at once in order to complete the quota before the end of the month.

## Dr. Hill Attends Regents Meeting At Austin Today

President and Mrs. J. A. Hill will attend a meeting in San Antonio of the teachers college presidents on Thanksgiving day and of the Board of Regents on Friday. They left Tuesday and will be gone the remainder of the week. Mr. J. B. Speer, superintendent of the Canyon Public Schools, will go with them as far as Austin. Dr. Hill stated that he expected to transact considerable business while in Austin.

### McGOWEN ENDS COURSE

Aviation Cadet Claude Lee McGowen has successfully completed the Flexible Aerial Gunnery Course at the Laredo Air Field. He finished his pre-flight training and is now rated as an Aerial Gunner, and will continue training as a navigator or bombardier.

### SHEFFY RETURNED HOME

Dr. and Mrs. L. F. Sheffy returned home from Dallas Tuesday night. Dr. Sheffy underwent a major operation three weeks ago and is making a remarkable recovery.

## Trucks Making a Tour of County

Heavy Iron Pieces Are  
Cut for Steel Mills by  
45 Men Amarillo Field

The scrap metal drive is on in Randall county.

A crew of 45 men from the Amarillo Army Air Field arrived in Canyon Monday and will be in the county for a week or ten days gathering all available metal from the farms and ranches of Randall county. The crew has just completed the campaign in Hale county.

Arrangements were made Saturday with County Judge A. H. Hunt, chairman of the County Salvage Committee, for the men to start the drive in the county. The crew goes out over the county gathering metal. With the equipment provided by the government, the crew is able to cut any type of a machine to the necessary size for blast furnaces. No machine is too large for the crew to handle.

While the men carry tents, cots and full equipment, tents will not be pitched here, but the men will be housed in the Legion Hall. The men will eat at a local cafe.

The national drive for scrap metal is on. The war needs calls for thousands of tons of more scrap metal to keep the steel mills going. These salvage crews which are provided by the army are gathering iron which is usually too large for farmers to handle.

Every farm in Randall county will be visited in order that all scrap metal may be brought to the market and made available for the steel mills.

Farmers are urgently asked to give full cooperation to this crew when it comes around on the campaign.

## Farmers Allowed to Slaughter Pork Under New Order

The County Agent's office received official notice from the Food Distribution Administration under date of November 18 that all restrictions covering farm slaughtering of hogs has been suspended for 90 days to facilitate marketing of this year's record pig crop.

Producers will not be required to have a license or permit during this period and they may kill for their own use or for sale or transfer to others, all the hogs they are able to handle. At the same time the previous 400 pound limitation per farm producer was lifted for a three months period. Farmers were urged to spread marketing of this year's pig crop to prevent overloading of marketing and slaughtering facilities. Requirements of OPA with respect to observance of meat price ceilings and collection of ration points in exchange for meat delivered will remain unchanged, except that the number of ration points has been reduced to 3.3 points per pound for whole or half carcass sold to consumers.

## Christmas Boxes Should Be Mailed By First December

Time for mailing Christmas packages is rapidly nearing the deadline.

Postal authorities have urged all citizens to mail Christmas packages within the United States before the first of December in order to insure delivery by Christmas. Packages should be marked as Christmas gifts not to be opened before Christmas.

Owing to the heavy mails during December and the manpower situation on the railroads as well as in the postoffices, packages which are not mailed by December 1st may be delayed until after Christmas.

## Two Sons Officers In Armed Services

Mr. and Mrs. Arthur Olson have two sons who are officers in the armed services.

Donald M. Olson was commissioned second lieutenant Oct. 28. Lt. Olson is attending an Officers Motor course at Ft. Sill. He was a former student in Texas A. & M. College.

Glenn Olson was commissioned an Ensign in the Navy at the U. S. Naval Academy Aug. 31. He is a graduate of Texas A. & M. College. Ensign Olson is now on duty on the Atlantic coast.

Mrs. Guy Davis of Hereford visited in the home of her aunt, Mrs. T. B. Borland Sunday.

## riying Dutchmen

PILOTS OF THE ROYAL DUTCH NAVAL AIR SERVICE, attached to the British air arm, bring one of their fighter planes to the flight deck of a carrier, as they prepare for action off the English coast. Most of the men are veteran bomber pilots from the Netherlands East Indies who traveled halfway around the world to continue their fight against the Axis. They have already accounted for more than 115,000 tons of enemy shipping.

### Pre-War Planning

Citizens of Canyon are looking to the future and planning to take care of the men who return after the war is won.

Naturally it takes considerable optimism to make definite plans for the future at the present time. But unless there is optimism now, there will certainly be plenty of pessimism when the war ends and nothing has been done to take care of our returning heroes.

Committees have been appointed to consider various phases of community life. This should be a suggestion to every citizen of Randall county. Every citizen has a part to perform in this post-war problem. Now is the time to think about our obligations.

It shall be as much our duty, obligation and privilege to take care of these returning men in the same degree as we have an obligation to the men as they fight for us in this global war. We have pleasure in performing these war duties, but will we be as good to the men when they return as we are during the war?

In the first place, Canyon must not become a ghost town during the war. It is distressing to hear some of the returning men state that Canyon seems rather quiet after their strenuous life in the armed service. The boys miss their pals of other days when they come for a visit. Of course they understand that their pals are in the armed service. They know that every able bodied man of military age, who is not engaged in an essential job, is in some branch of the service.

The question is, how shall they look upon Canyon and Randall county after they are discharged?

Will Canyon seem too quiet a place for them, and will they have the urge to go to a larger and more attractive and more lively town or city? It is taken for granted that it will be hard for many of the boys to settle down after the war. They have been kept on the move during their training period. Those who have been under fire will have a much harder time to get back to normal. Those for whom they work will have to handle these men diplomatically in order to keep them steadily on the job.

But here is where each and every citizen comes in, and will be a vital influence as to what happens to our boys when they return home. Many business men are discouraged by government red tape, lack of help, shortages of goods, and are actually closing down on their businesses, or allowing their businesses to gradually fade away. Of course it is hard to preach optimism to business men of this class, when they wish to do business, but have nothing to sell.

On the other hand there are business institutions in Canyon today who are enjoying a degree of prosperity, and although handicapped by lack of stocks of goods, are doing very well. Unfortunately they have become careless and are allowing their business houses and stocks to get in a terrible condition.

Every Canyon business house should look at the outside and see how his building attracts or repels the would-be customer.

Then he should examine the interior of his building and see how dingy and unattractive the place has become. There are places in Canyon which have not been painted in 15 or 20 years.

Then he should look at his stock. No matter if the stock is small, and gradually diminishing, it certainly should be kept attractive.

What about Canyon as a whole? A carload of paint could be profitably applied to the homes of Canyon. During the past year many rent houses have been bought and are now occupied by owners. When spring comes every home owner in Canyon should make a special effort to make our residences the most attractive that they have ever been. This may seem like a small thing, but look at your home through the eyes of the returning war veteran who is looking for a place to settle and see if he would be attracted by your home.

The future of Canyon is not alone in the hands of the small group of citizens who were named by the City Planning Board to think about the future. If Canyon is to grow, develop and prosper after the war, each and every citizen must put his shoulder to the wheel and do something in a constructive way to improve Canyon.

### Witch Hunt Not Needed

New York County's War Price and Rationing Board, through its director of public relations, has complained of reluctance on the part of shoppers to report violation of price control regulations. This is not surprising, and the Board should in no way feel at fault. For more than one hundred and fifty years the American people have known nothing but frank and open dealing with each other and with their government. They have long been proud of the fact that intrigue and secret police activities have no place in this land. Our government was founded by men who feared and abhorred such procedures. The traditions that took root the day we became a nation, cannot easily be swept aside.

As a matter of fact, we need no army of "investigators" to keep a watchful eye on the distribution of necessities. Price and rationing rules that are reasonably understandable are accepted in the spirit in which they are written—as an effort to do the utmost with what we have to achieve victory. Toward this end, retailers, and everyone else, including the press, will continue to do far more than merely follow the rules. They will continue to seek with every means at their command to keep the public informed of the necessity and the problems of price fixing and rationing.

Unless they did do this, the government could not carry through its program, and everyone knows it. So why not go easy on the witch hunting tactics? They will never become popular and can never replace good old-fashioned American methods of doing business.

### Capitulation

Settlement of the coal mine strike with substantial pay increases to the miners has wiped out the last remnants of the imaginary anti-inflation line. Where the next attempt to anchor the upward spiral of living costs will take place, is anybody's guess.

But there are two points that stand out clearly. First, the situation has become far too serious to waste time cursing John L. Lewis and the mine workers. Unless the inflationary spark which their action has touched off can be extinguished promptly, the war effort will be imperiled. Second, is the obvious fact that politics as usual won't work in a nation faced with a war cost of three or four hundred billion dollars. As Time Magazine observes: "Ever since the war's start, the U. S. wage and price policies have been an unregulated mass of rulings and directives, administered by a group of mutually jealous boards and agencies."

Inflation control will hurt. But it will not hurt a fraction as much as inflation itself. This warning has been repeated until it has lost meaning. But the spectacle of the President of the United States standing helpless before the demands of the miners, is one of the manifestations of uncontrolled inflation. If that has no meaning to Americans, nothing ever will.

A prominent stockman gives us a fine example of conservation under the various and sundry conflicting and competing regulatory agencies. First the stockman is told that he must conserve gas and tires in order to win the war; next, he is told that he must put in longer hours as help is scarce and men are needed in war plants and in the armed service; following this, he is required to produce more food for those who are so engaged in war effort, in spite of the fact that he can secure no machinery with which to raise this food; but while producing meat another agency limits him to the amount of cotton seed meal that he can buy at one time, with the result that he must make a long trip to market every third day in order to buy a few sacks of feed, thereby wasting time and wearing out his tires as well as burning valuable gasoline. That's a fine mess, but a true picture of what our farmers and stockmen are up against as they patriotically try to do their part in raising more food to win the war.

A financial statement on the United War Chest drive is published in this issue. Every contributor will read it with a great deal of pleasure. It reveals that every cent that you paid into this Drive went directly to the cause for which you contributed your money. Not one cent was taken out to pay the small expense which was necessary to carry on the Drive. All of those who gave their time to the Drive paid their own expenses, and the only items necessary to carry on the Drive were contributed by other agencies. This is a remarkable record. The quota was \$2,100 and the people of Randall county responded by paying \$3,757.92. This money goes to the direct support of agencies which are helping our boys in the various branches of military service.

On this Thanksgiving Day every American has cause to rejoice that the tide of the war has been changed during the past year. A year ago the outlook was dark. There is no longer the slightest doubt as to the outcome of the war. The Allies will win; when, it makes little difference, just so we win without wasting the lives of our valiant young men. All of us would like to see the war end today; but if by prolonging the war a few months our military leaders are able to win without sacrificing the lives of thousands of men, we shall have greater cause for Thanksgiving when the war is finally won.

I GIVE  
YOU  
TEXAS  
by  
BOYCE HOUSE

Worthy of rank with Travis' message from the Alamo in its sublime patriotism is this letter which was written by another Texas hero—Flight Officer Joe Edward Boswell of DeLeon, the day before he took off on the perilous flight to bomb the Ploesti oil field in Rumania:

My darling Mother and Family:  
To start with I want to say that I hope you never have this letter mailed to you because if it is it will mean that I have gone before you. Yes, I am writing this as a last letter just in case anything goes wrong tomorrow.

We are going on a mission tomorrow that will have more to do with bringing this war to a close than anything else so far, if it is a success, and it will be a success. You just can't stop us Americans once we make up our minds to do a thing.

I won't say where we are going for several reasons but you can read the papers and find out where we bombed on August 1, 1943. The headlines should be full. I just wanted all of you to know how very proud I am of you and I consider it an honor of being a brother to such a wonderful family and a son to such a dear mother. You have always been the best of me in everything and I appreciate it from the bottom of my heart. I am not afraid of the job that is ahead of me nor have I any fear if the worst is to happen. You can't fight a war without someone getting hurt and I am no better than my buddies that fly next to me. If it takes my life to make a free world, then I am ready—because there is nothing so dear as freedom. Remember that is what boys all over the world are dying for every day.

I did have a lot thought up to say but I just can't seem to write this afternoon for some reason or other. I have read the 91st Psalm and it helps me end.

Try not to grieve over me as that isn't the way I want it. I have had

a good life and a lot of fun, so I don't have any regrets. Always remember me in your prayers and, if it's the Lord's will, I'll be waiting for you in the Heavenly City.

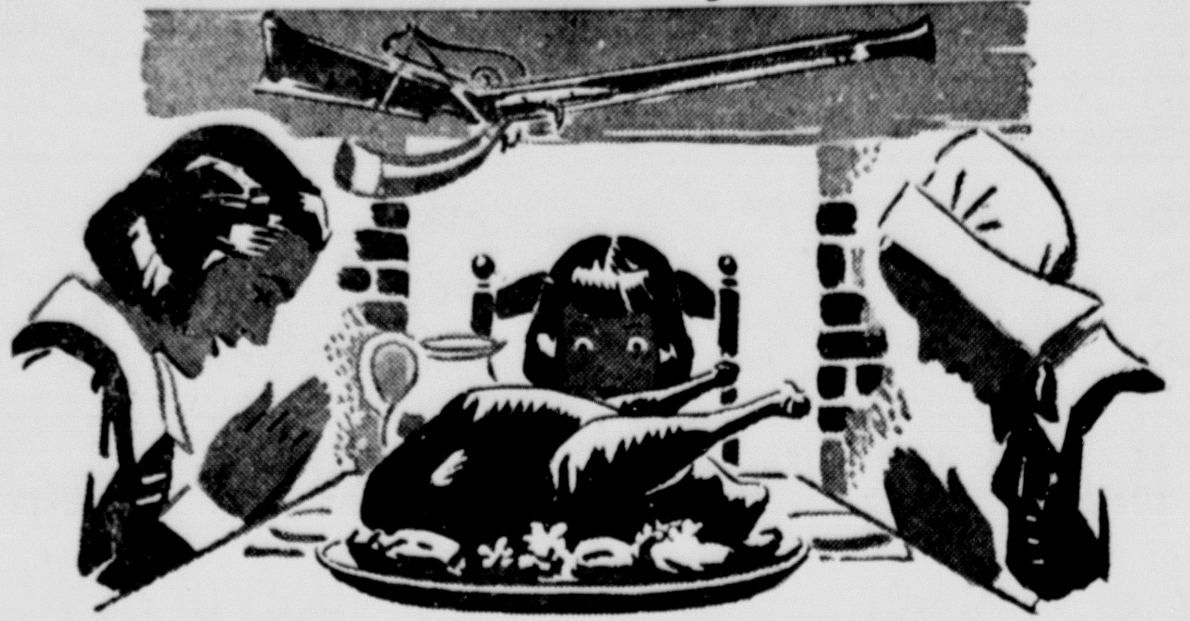

Be sweet, and never let up in this fight for freedom until there is freedom for ever more.

All my love and best wishes to each of you.

Your son and brother—

## We Are Thankful . . .

### WE ARE AMERICANS!

As we gather this Thanksgiving in homes and churches throughout the Nation, we will join in reverent acknowledgment to God for the many blessings He has so mercifully granted us as individuals and as a Nation.

We will likewise become aware of our resemblance to our forefathers, who in 1621 observed the first American THANKSGIVING and who like ourselves were forced to fight for their freedom, even as they gave thanks for it.

We will, also, on this Thanksgiving Day, renew our spiritual strength, re-light our faith in the American Way of Life, and reaffirm our determination to win the final and complete victory!

Among those who were on Saturday night's program were Miss Edna Graham, a past president of Pi Chapter, Miss Anna I. Hibbets, and Mrs. T. V. Reeves.

Delta Kappa Gamma is an honorary fraternity whose members are selected because of outstanding service in the field of education.

## Thanksgiving in AMERICA

Beautiful South Pacific Islands, steaming jungles, European cities, hot sandy deserts, and towns and plains of Asia have been washed in the blood of conquering and defending armies alike. Have we Americans had to search through the smoldering ruins of what was once our home?

American towns have never been subject to such

barbarism, and for this we are grateful. We are grateful, yes . . . but we must show our gratitude concretely. It is not enough to give thanks for our blessings in wartime. We must back up the war effort actively. We must buy War Bonds and work harder and further our national unity in every way. That is the only way to show our gratitude.

## Gun Fire Opens Sadie Hawkins Race

## Socials Keynote Week

Since Sadie Hawkins has been on the rampage, we'll devote this little column to the broke girls in Canyon High.

The good looking babes in one of the Phys-ed classes are running back and forth from the South Creek. A few days ago they ran the entire way BACK in 8 minutes. It all means that these girls will be in good condition for jobs in the WACS, SPARS, WAVES, or Marines. Keep it up bunch, that's a keen way of helping Uncle Sam.

Another class of girls phys-edders are playing tennis, while still a different class is skating and learning the graceful art of falling. Hurts, doesn't it?

I guess about the best girl track meet held in Canyon High occurred in the auditorium when the girls tried catching their boys. The gun was fired; the boys ran. The gun was fired again; the girls ran. Girls caught boys, and everybody had fun.

## ARE YOU SACRIFICING

Did you gripe about the gasoline shortage? Are you positive you can't wear those brown shoes? Do you really need more sugar? Are you starving because you have food rationing? Wait a minute and think, American, are you sacrificing?

Little does the average person realize how much more fortunate he is than the people in Europe. At least he has clothing to keep warm, enough food to keep from starving, and a roof over his head. At least he can say, do, and think for himself and is not executed for not saluting a swastika!

Only the boys who are defending this country know how it is to wade swamps, dive from fox-hole to fox-hole, and duck from tree to tree under constant fire. Only the conquered know how it is to undergo all torture in enemy prison camps and can know how it is to die for what they believe.

So, Americans, what are you griping about?

Who do you think is sacrificing?

Sea sickness is caused by the effect of the motion of the boat on the semi-circular canals of the inner ear.

Parties Accent  
Holiday SpiritSenior Students Attend  
Thanksgiving Banquet

Social highlights of Canyon High this week consisted of parties for each of the four upper classes.

Although eating made up a major part of the activities Friday night at the seniors' formal banquet, Molly Nann Ziegler, saying, "I Had But Fifty Cents," Lindsey Taylor with "Judge by the Company One Keeps," and Billy Jane Bonifield singing "People Will Say We're In Love," furnished entertainment for the attendants. Turkey and dressing, cranberry sauce, green beans, mashed potatoes, gravy, jello salad, hot rolls, and coffee or cocoa completed the menu which was prepared by the room mothers and various students.

## Juniors Have Picnic

Because of the absence of a wagon, a tractor, and hay, Saturday night, the junior "hay ride" became merely a class picnic. The students proceeded to John Wright's property, where they ate beans, hot dogs, and drank pop; after which they played games in Mrs. Fred Standley's back yard. Most of the students went to the midnight preview after the picnic.

**Sophs Attend Skating Party**  
Sophomore activities consisted mainly of skating, although a big part of the time was spent in fixing the skates. After skating for about two hours, the students went to the show.

Punch and cookies were served to the Freshmen students Tuesday at their tacky in the high school gym. A prize was given to the student having the best costume.

Eagles Overcome  
Farmers, 30-26

Emerging as victors over the West Texas Farmers, the fast-stepping Canyon Eagles withheld their unblemished record of four consecutive wins and no losses. Accounting for a large portion of the Eagles' tallies was Don Standley who racked up eleven points while J. L. Burnette kept the Farmers close behind with eleven points to his credit also. Long, tricky shots accounted for most of the 30 to 26 score. The third quarter whistle found the Eagles and the West Texans deadlocked over a 25 up score, but this soon faded into a hard won victory for the Eagles.

Don Standley, J. Spencer Winn, Leslie Gordon, Max Bosley, Bobbie Dowd, and Charles Taylor scored points for the purple and white, while Bunch, Cullender and Burnette were responsible for the losers' points.

Referee for the game was W. G. Sanderson, Canyon High School agriculture instructor.

Hay-Riders Witness  
Teacher's Downfall

Run, Mrs. Sanders, run!  
Everyone was laughing and jumping with excitement, and then the terrible catastrophe occurred!

After being pursued by Don Standley at the junior party Saturday night, Mrs. Dan Sanders, sponsor of the class, mysteriously turned her ankle. Without giving it much attention, the party continued, but the foot swelled. The pampering received as she limped to the show was amusing, but she could hardly walk afterward. A brave junior had offered his assistance and the invalid teacher was carried home. How either of them got to her door is more than we can understand!

Well, anyway, Mrs. Sanders missed church Sunday and was nowhere to be found on Monday. Just in case you haven't heard, the day was spent in trying to learn to manipulate a pair of crutches, but Mrs. Sanders insists it was worth it.

Do you suppose that because Mary Alice Browning thinks Charles Schafer's blue eyes are charming is the reason they are seen together quite frequently?

I hear that Loren Hightower, with the aid of some friends, helped two damsels in distress Friday night. (Some say it's pretty hard to change a tire in an evening dress.)

Poor boys! Here's a list of a few of the casualties from Sadie Hawkins dates:

Helen Jo Cox—Raymond Aardal.  
Juanita Anderson—Lewell Johnson.

Peggy Head—J. Ray Hunter.  
Virginia Reid, Billie Turner—Kenneth Vaughn—(Girls—Really!)  
Bonnie Drake—Loren Hightower.  
Johnnie Wallen—Flake Thurman.  
Joan Byars—Paul Cook.  
Betty Brown—Don Standley.  
Sue Ann Moreman—Tommy Thompson.

Mary Ann Bellah—Charles Taylor.  
Waulene McKee—Blake Zachry.

Ain't it strange how much some of the seniors really did resemble Dogpatch characters? We HOPE it was purely coincidental.

Sometime cockleburrs can be the biggest nuisances! From the tales that are going around, Mrs. Knott and Joyce Sanders had quite a time with some Friday night.

Margaret Lair and Bobby Black started out Friday night with an empty gas tank. Furthermore, they came back with an empty tank. You can't tell me that cars run on water alone!

Flake, you shouldn't talk to the girls like you do. Juanita Avert might believe everything you say!

## DOGPATCHERS

Any resemblance to Dogpatchers, living or dead, is purely intentional—or so say the above seniors who forgot their dignity (?) for a day to take on the appearance of characters from Al Capp's funny column.

From left to right, the "Dogpatchers," as portrayed by the senior amateurs are:

Top row: Aunt Bessie Popshire, Evelyn Black; Daisy Mae Scraggs, Mary Alice Campfield; Lil' Abner Yokum, Charles SoRelle; Tobacco Rhoda, Claudine Foster; Marryin' Sam, Charles Hillier; Gat Carson, Bobbie Dowd; Kissable Jones, Merle Dickerson; Available Jones, J. Ray Hunter; Hezebiah Hawkins, Raymond Aardal; Mira Scraggs, Juanita Anderson; Dogpatch characters Waulene McKee, Lillian Menke, Billy Bible, and Gwendolyn Phillips; Patricia Hallroom, Mollie Nann Ziegler.

Second row: Lonesome Polecat, John Lill; Sadie Hawkins, Esther Byrd; Sadie Hawkins' "catch," Bob Copeland; Mammy Yokum, Helen Jo Cox.

Bottom row: Hairless Joe, class sponsor, G. W. Sanderson; Pappy Yokum, Charles Head; Dogpatcher Wynema Robbins; Moonbeam McSwine's "catch," Lindsey Taylor; and Moonbeam McSwine, Ruth Price.

## GRADE NOTES

By Ellen Sanders

Mrs. Stella Murrell's second grade has chosen "How and Why Club" as the title for their nature study club. At present the class is studying a unit on trees, and has a case of mounted leaves. In addition, they have a case of insects, one of butterflies, and the following mounted birds: sparrow hawk, cedar waxwing, flicker, song sparrow, and horned owl. Among other specimens brought to the display were a bullfrog, a catfish, a goldfish, and a wasp's nest. (The nest had to be practically exterminated when the wasps started hatching out).

All leaves and other specimen have been collected locally.

In Mrs. Houston P. Doughty's third grade, members have organized a citizenship club with Barbara Ann Glanton as president; Leroy Dickerson, vice-president; Harold Rook, secretary-treasurer; and LaRue Davis, Geraldine Pope, and Lucille Shelnett as chairmen of the science, dramatic, and social committees, respectively.

Junior Audubon Society tags were given to the class.

Honoring the birthday of Mrs. A. K. Goodman, her third grade class presented the teacher with a basket of assorted fruits, candies, and other presents.

Culminating a study of airplanes, the class gave a program for their mothers.

To complete a unit on pets, Mrs. Robert Orton's first grade will present a program for their mothers this afternoon.

With Raymond Hinders presiding, the fourth grade citizenship club sponsored by Miss Florence McMurray, presented a timely thrift program on the saving of waste paper and scrap metal.

Glenn Owen Rhodes, from Mrs. L. M. Cousins' fourth grade, has moved to California.

High school boys and girls definitely are not the only ones who go all out for football; as was proved by the hot football game between 6-D and 6-M last Friday noon. With the girls of both classes cheering for all they were worth, of course the score couldn't come out as anything but a tie.

Treasury Invokes  
Coin Expenditure

Tons and tons of metal pass through mint machines each day to make more coins. This metal is scarce because it is needed to make bombers, guns, tanks and ships to win the war. Everyone is asked to spend their pennies and nickels along with their other change to keep the money in circulation so that more coins will not have to be made.

At this time of year when the holidays are here, it is especially important for more small change to be spent. Buy larger denominations of War Stamps and keep your pennies working.

Try to get all people you know who have pennies and nickels in banks to empty them and use the small coins, thus helping to relieve this situation.

Senior Amateurs Boldly Portray  
Eccentric Dogpatch CharactersSpanish Club Has  
Skating Function

Spanish Club members, at their meeting time, planned a skating party not only to include themselves, but everyone who has been in the club. This party will be held this afternoon. After skating until seven, cokes and hamburgers will be served to the crowd. Donna Aardal, social chairman, is in charge of arrangements for this event.

At their meetings, the Spanish club members have been having contests, such as spelling bees and translation matches. Billy Jane Bonifield, a last year's student, has been teaching the group to sing songs in Spanish.

Navy Will Enlist  
Exes as Flyers

All 17 year old high school seniors who want to fly for the Navy now have that opportunity, according to information received from the Office of Naval Officer Procurement in Dallas. To be eligible, those interested must graduate at mid-term, or by February 15 of next year. The three major qualifications as now set by the Navy Department are as follows:

1. An applicant must be 17 years of age.
2. He must be a high school graduate or must be graduated by February 15, 1944.
3. He cannot be married.

## Strict Training Requirements

To win your wings in the Navy requires an intensive 18 months training period. Although this program is open only to 17 year old men, they definitely would not be called for Aviation Cadet Training until graduation from high school and not before they had reached their 18th birthday.

Every man selected as a Naval Aviation Cadet becomes a flying officer upon successful completion of his training, and is commissioned an ensign in the Navy or a second lieutenant in the Marine Corps. While undergoing training, cadets are paid \$75 per month, fed, clothed and housed at government expense.

## Write For Information

Information regarding this program may be obtained by writing to 600 Allen Building, Dallas 1, Texas. This is one of the offices that has been set up to give preliminary examination; and if an applicant passes this first step, he will be sent to Dallas for the completion of flight examinations. Transportation expenses will be provided for qualified applicants.

Li'l Abners and Girls Hear  
Proclamation of Rules

To awaken the fire in amateur Sadie's heart and to announce to Canyon High Li'l Abner's their impending doom, seniors presented a Sadie Hawkins' Week program last Friday in assembly.

Beginning the program the dogpatchers combined their voices and sang "Sadie Hawkins' Day" with mournful low notes on the part of the boys. A few seconds later Hezebiah Hawkins, Raymond Aardal, announced his intention of procuring his daughter a mate and then fired a pistol to give the men a head start and a sporting chance before the girls took out after them.

## Sadies Catch Men

Unhappy gents and their blushing brides included: Daisy Mae, Mary Alice Campfield, who at last got her man, Li'l Abner, played by Charles SoRelle; Ruth Price as Moonbeam McSwine, the filthiest hoomin' to walk the earth, brought down an unlucky critter, Lindsey Taylor; Sadie Hawkins, Esther Byrd, caught poor, toothless, sorrowful Bob Copeland.

Performing the hitching-up exercises was Marryin' Sam, played by Charles Hillier. His efforts to join-up Hairless Joe, enacted by Mr. Sanderson, and Tobacco Rhoda, Claudine Foster, failed, leaving John and his pal Lonesome Polecat, John Lill, happy bachelors.

After the marriages, Sadie serenaded her mournful groom but he wept bitterly. Mammy Yokum believed that the kids would benefit from married life but Pappy, Charles Head, knew better and said so.

## Sam Reads Proclamation

To end the program, Marryin' Sam read the proclamation governing the rules of Sadie Hawkins' Week, after which he fired two shots to dismiss the student body; one for the men, and one for the pursuing females.

Chairman Billy Jane Bonifield opened the assembly with the Pledge of Allegiance and read a letter of thanks from Mrs. Guy B. Tabor, former teacher.

Last Tuesday morning, Superintendent J. B. Speer left for San Antonio to attend the annual Texas State Teachers Association meeting which is held every Thanksgiving.

His companions on the trip were Dr. and Mrs. J. A. Hill.

## Keep The Heat On Hitler! Don't Waste It at Home...

### Use Less Natural Gas

Your government is striving to meet a grave wartime shortage of vital fuels, including natural gas.

Every man, woman and child, at home or place of business, is asked to voluntarily conserve the use of natural gas.

#### Use what you must, but save all you can!

This is a serious request. Uncle Sam, fighting a bloody war, is in dead earnest about this. Compared with the sacrifices of our fighting men, saving fuel at home is not a difficult sacrifice. You will help, won't you?

#### HERE'S HOW YOU CAN HELP

1. Do not heat unused rooms.
2. Do not heat garages.
3. Keep home temperatures as low as possible.
4. Reduce temperatures to 55 degrees at night and when away from home.
5. Keep heating equipment in top-notch condition.
6. Use less hot water. Repair leaky faucets.
7. Save gas in other ways you can think of.

## HOUSEHOLD MEMOS... by Lynn Chambers

### Homemakers May Learn Ration Wisdom Through Study.

This easily prepared gelatin dessert uses all unrationed food. It's pretty but easy to make, and will top off either a light or heavy meal.

These are times when changes are the fashion—and that particularly applies to changes in foods and cooking methods. Mrs. America can no longer dash to the grocer's and get enough canned or processed foods to put together a quick meal. Nor can she get together a meal, even one that would take time, with those rationed foods.

Points must be budgeted far more carefully than dollars and cents in the past! That is the realization every homemaker has been feeling since Ration Book II went into effect. Out of that has arisen one maxim: never to buy a canned or processed food if a fresh one is available.

Confusion, indecision, and slowness in buying were the adjectives grocers used when buying with War Ration Book II began. But this is gradually wearing away as Mrs. America learns new shopping methods.

Since point values change monthly, it's a good idea to keep a list of point values on hand when making the menu. Plan menus for a week at a time—marketing lists and budget lists all on hand when you're doing this important bit of work. Don't go to the store and wander aimlessly, selecting whatever appeals to the eye. Even if you have four or five ration books from which to spend, it's certain you won't get enough out of them by the hit or miss method.

Keep on the lookout for point values which may change—they vary from month to month and sometimes change during the month as the public's buying habits are watched.

Haphazard shopping, meal-planning, and carelessness about the health of the family are out of date. The homemaker must be alert and vigilant now as never before to make of her family the strongest and healthiest possible unit—for a healthy America is a strong America.

Lamb is fairly easily obtainable meat and second to pork, richest source of thiamin—our morale vitamin. Very little, if any, lamb is being sent to the armed forces and Allies, and that means it is for civilian use.

#### Baked Lamb Loaf.

(Serves 8 to 10)

- 1½ pounds ground lamb
- 1½ cups bread crumbs
- 1 cup milk
- 2 tablespoons minced green pepper
- 2 tablespoons chopped parsley
- 3 tablespoons grated onion

#### Lynn Says:

**Fresh Vegetables:** To those of you accustomed to using canned vegetables and learning how many they serve, these hints are given on how many fresh vegetables will serve:

- Asparagus: One pound yields two cups, cut, serve three to four.
- Beans, green or yellow: yields three to three and one-half cups, serves four or five.
- Beets: One pound yields three to four servings. Use young beet greens as vegetable, too!
- Broccoli: One pound serves four to five.
- Cabbage: One pound, shredded, yields three and one-half cups. One pound cooked serves three.
- Fennel: Four medium sized roots make a pound, serves four to five.
- Peas: One pound gives two servings.
- Spinach: One pound serves three to four.
- Turnips: One pound yields three to four servings.

#### Lynn Chambers' Point-Saving Menus

- \*Deviled Egg, Macaroni and Pea Salad
- Hot Biscuits with Jam
- \*Marmalade Bavarian
- Milk
- \*Recipe Given

#### 1 cup cooked peas

2 teaspoons salt

½ teaspoon pepper

Soak crumbs and mix well with meat and other ingredients. Pack into a loaf pan. Bake in a 300 degree oven for 1½ hours. This may also be baked in a ring mold and served with parsleyed potatoes.

Fish will come into more popularity to help extend our main dishes when ration points will not cover that major item:

#### Fish Loaf.

(Serves 6)

2 cups cooked, flaked fish (leftover may be used)

2 tablespoons chopped green pepper

1 tablespoon minced onion

2 tablespoons butter or margarine

1 cup fine, soft bread crumbs

½ teaspoon salt

½ teaspoon pepper

2 eggs, separated

½ cup milk

2 teaspoons lemon juice

Shred the fish. Sauté green pepper and onion in butter, add to fish with bread crumbs and seasonings. Beat egg yolks, add milk and then add to fish mixture. Stir in lemon juice. Fold in stiffly beaten egg whites. Poured into a greased loaf pan, set in a pan of hot water. Bake for 1 hour in a 350-degree oven. Serve with white sauce to which hard-cooked eggs have been added.

As the days become warmer we will gradually begin adding salads for our main dishes, to help save on pointage. Here is a splendid suggestion, using all unrationed foods:

#### \*Deviled Egg, Macaroni and Pea Salad.

(Serves 8)

10 to 12 deviled eggs

1 package (12 to 16-ounce) macaroni

2½ cups cooked, fresh peas

French dressing

Radish roses

Salad greens—optional

Deviled eggs

10 to 12 hard-cooked eggs

2 tablespoons salad dressing

2 tablespoons lemon juice or vinegar

1½ teaspoons mustard

1½ teaspoons worcestershire sauce

½ teaspoon salt

½ teaspoon celery salt

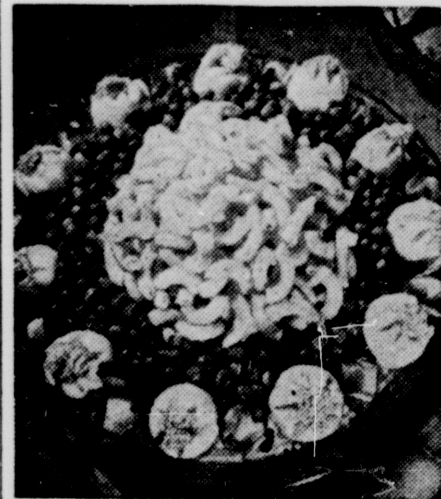

½ teaspoon pepper

Cut a half-inch slice from rounded end of egg. Cut a saw tooth edge around white, if desired. Remove yolk carefully. Press yolks and bits of leftover whites through sieve, add remaining ingredients and beat until light and fluffy. Refill shells, using pastry tube for decorating top, if desired.

Boil macaroni in salted water according to directions on package. Drain, rinse, then drain thoroughly. Marinate with a little french dressing, then chill.

Cook peas, drain, and save stock for soup. Marinate peas in french dressing.

To make salad, heap macaroni in center of dish. Alternate deviled eggs and radish roses around edge, pressing them into macaroni. Fill with a border of peas between eggs and macaroni.

A main dish salad that's a meal in itself includes macaroni, deviled eggs, and a ring of freshly cooked peas. This supplies a good quantity of protein to build and repair body tissues and gives food with that stick-to-the-ribs quality.

#### \*Marmalade Bavarian.

(Serves 6)

1 package orange-flavored gelatin

1½ cups hot water

½ teaspoon salt

½ cup heavy cream

½ cup orange marmalade

Dissolve gelatin in hot water. Add salt. Chill until cold and syrupy. Fold in cream, whipped only until thick and shiny, but not stiff. Fold in marmalade.

## Thanksgiving Is Based on Good Health of People

The first Thanksgiving Day in America was proclaimed for the purpose of expressing thanks for the colonists' sturdy health that had allowed them to survive the hardships and exposure of the first rigorous year in America. Dr. Geo. W. Cox, State Health Officer, is appealing to every citizen of Texas to give serious thought to the preservation of his own health and that of his community in the national crisis now existing.

"We can certainly be thankful that our health level has remained high despite the sacrifices and deprivations of war," Dr. Cox said. "Our people have retained their health to a remarkable degree and even under war conditions Texas has continued to show a decline in maternal and infant deaths."

Dr. Cox stated that within the last fifty years, health departments have been established throughout the country for the purpose of preventing disease. While their activities have been hampered by the lack of sufficient funds, nevertheless a great improvement in the nation's general health has resulted. Among the other benefits derived from the public health program is the fact that during this period the life span of the average person has been increased more than 15 years.

"The State of Texas has much to be thankful for in the steadily increasing interest and cooperation being shown in matters pertaining to sanitation and control of communicable diseases," said Dr. Cox. "Responsibility for the success and advancement of the public health program lies not with the health department primarily but with the people who support and encourage the community effort put forth and who apply in their own individual lives the knowledge which they have acquired."

Girls have changed. They still don't trust a man too far, but in the old days they didn't trust him to near.

In spite of tragic world conditions, we in America have many causes for Thankfulness today.

A great part of the world is under the domination of destructive influence, with peoples and cities of these unfortunate countries being blasted into eternity by daily bombings.

Our land has been spared from this tragedy. Our cities remain unblemished from the destructive forces of war. Our peoples have not felt the bitter pangs of hunger, cold and privation by being driven like dumb beasts before a cruel and merciless dictator. We are a free nation, and for that we give Thanks.

Our valiant boys are pushing the enemies of Democracy back on every front. Our people are supporting them with their dollars invested in War Bonds, in order to provide them with the best this rich nation affords.

Yes indeed, in spite of war, we have much for which we may be thankful.

## Aviation Studes Organize Band

Currently in progress of organization under the guidance of West Texas State College and the 350th College Training Detachment is a military band to be made up of aviation students stationed on the campus. Similar projects organized by other college detachments have achieved great popularity on campuses all over the country.

It is expected that there will be two musical units, a military band for parade and concert purposes, and a dance band for stage performances and dances. Plans are still in the experimental stage.

Rehearsals will be at least one and one-half hours in length, and participants will meet four times weekly. Announcement has been made that practice will begin Wednesday night at the Band House. Mr. M. J. Newman of the West Texas State Department of Music will direct the group and have charge of the organization.

The primary purpose of forming the bands, according to Lt. Manly Ballard of Detachment Headquarters, is the building of military morale and the direction of activity into constructive recreation.

Those aviation students who have indicated an interest in playing in the bands include the following: Johnny Peterson, who for three years, directed and played the piano in his own orchestra; George Jones, a former member of Charlie Barnett's orchestra, played trumpet for over 16 years; Dan Hicks, drummer and trumpet player, was director of Madison High School Band for eight years; and Grant E. Ricksleck, piano player from Hatboro, Pa., played with Dick Jurgens orchestra.

Well known at the 350th College Training Detachment and at West Texas State, is Dick Lange from Newark, Ohio, who blew his trumpet for Tommy Carlyn and Carl Deacon Moore.

Robert E. Hogue, a former member of the Perdue Symphonic Orchestra, played cornet for nine years, and Leonard H. Belair, trumpeter of the St. Mary's band.

Other students interested are: Gene R. Edwards and Joseph L. Hutton, trumpet players; drummers, Robert Carrozza, Vernon Bell, and Bernard Slingerland; Richard W. Hastings, Lester C. Perry, George R. Vovrick, and Matthew M. Schrauben, sax players; Ernest Anderson, trombone; Leonard T. Bennett, clarinet; Paul R. Earle, baritone; J. H. Rider, trombone; Alton S. Robinson, bass; Neill C. Slack, tuba; and Clarence O. Wilson, violin.

### SPEED

The experienced motorist was crawling carefully through a well-known "trap" when he saw the village constable making imperative signs to him to stop.

"Look here," said the motorist. "I wasn't exceeding the speed limit."

"I know that, sir," said the policeman with a diffident cough, "but, you see, I've got three chaps in the station for reckless driving, and they sent me out to look for a fourth for a game of bridge."

He determined to pass by his favorite tavern on his way home. As he approached it, he became somewhat shaky, but, after plucking up courage, he passed on. Then, after going about fifty yards, he turned and said to himself: "Well done, Pat, me boy. Come back and I'll treat ye."

### WHAT BAIT, PLEASE

## News In Canyon 25 Years Ago

(Taken from the files of the Randall County News of November 7, 1918)

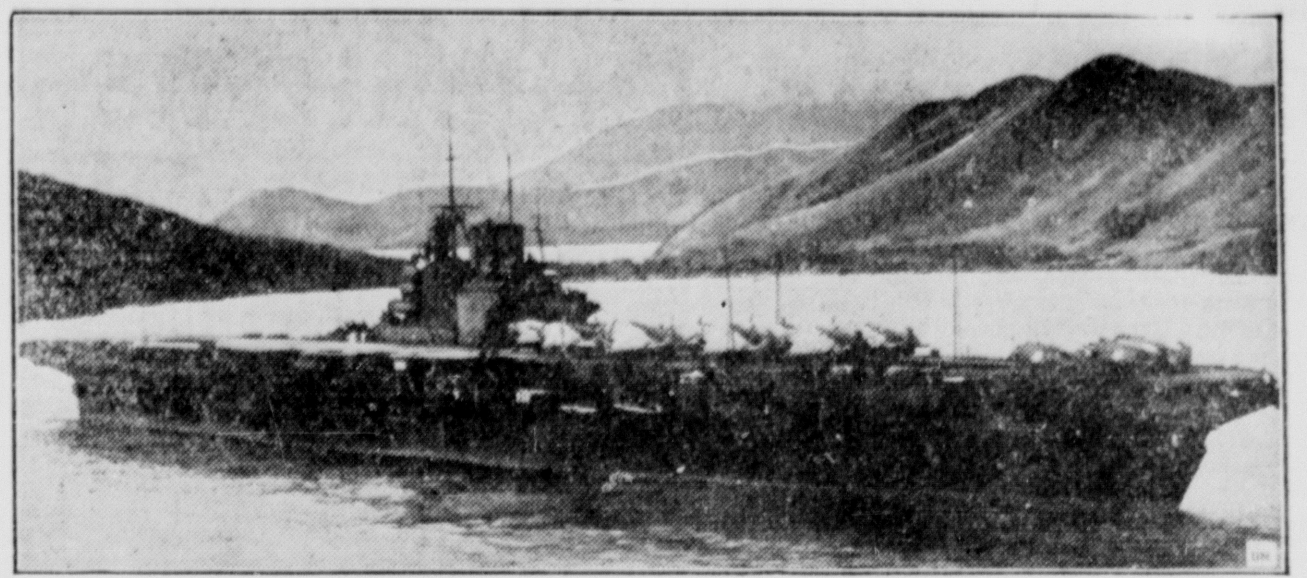

President Wilson has announced he will leave for Paris on Dec. 3, to attend the peace conference.

Miss Leah Harris will continue as home demonstration agent in Randall, Oldham and Potter counties for the coming year.

According to word to Clarendon relatives, six Donley county boys in Co. H, 142nd Infantry were killed in battle in France. Capt. E. A. Simpson and a large number of the men of the company were wounded.

One third of all accidents occur in the kitchen, says a safety statistician. And they're placed on the table just as if they hadn't happened.

## Fought Japs in Pacific

WITH A SQUADRON OF AMERICAN PLANES on board, one of the British Navy's newest aircraft carriers—the "Victorious"—is shown in this Official U. S. Navy Photo at a South Pacific base. For several months, this great "floating airfield" served in a task force of the U. S. Pacific Fleet. British and American naval planes flew on and off each others' carriers with an efficiency that bodes ill for the Japanese when more of Britain's Navy joins the American, Australian and New Zealand warships in the Pacific.

# DESTROYER-ESCORT BUILT IN 25 DAYS

## NEW WORLD'S RECORD IN SHIP CONSTRUCTION

*Beats World War I Destroyer Time of  
45½ Days—Bethlehem Set Both Marks*

**Has Large Gun-Power for Both Offensive  
and Defensive Service; Equipped  
for Surface, Depth Bomb and  
Anti-Aircraft Combat**

Beating all prior records, the destroyer-escort *Reynolds* was completed and delivered Nov. 3 to the U. S. Navy, by the Bethlehem-Hingham Shipyard just 25 days after keel laying.

The *Reynolds* is a hard-hitting, fighting unit with great fire-power and speed, a bigger, more powerful ship than the destroyer *Reid*, which held the previous production record of being built in 45½ days, during World War I. Bethlehem built both ships.

The *Reynolds* has terrific battle armament for surface, depth bomb, or anti-aircraft combat. Her main battery has guns mounted in three turrets which can revolve in a complete circle to follow a target, and can be fired by a trained crew with amazing accuracy and rapidity. Aft is a 40-mm. Bofors gun, each barrel capable of firing 120 rounds of 2-pound projectiles per minute. She has numerous 20-mm. Oerlikon machine guns with a potential fire-power of nearly 400 shells every 60 seconds. Also, along port and starboard rails aft of amidships are a flock of K-guns which can toss out the famous 300-pound "ash cans" which make it unhealthy for any submarine within hundreds of yards.

The *Reynolds* is, in fact, one of those powerful, swift, sea-panthers

designed by the Navy to drive the Nazi subs from the Atlantic and protect American convoys. She can deliver a terrific curtain of fire effective at 2500 yards against air or surface targets. Like some of her sister ships, she is one of Uncle Sam's contributions to the British fleet.

The first group of ships in the destroyer-escort class were built in 302 days.

The next group in this class were built in 206 days.

Now the *Reynolds* has set the mark of 25 days.

And she is but one of hundreds of warships steaming out of the shipyards of America to speed the day of Victory.

## Moore-Myers Vows Said In Amarillo

MRS. PAUL E. MYERS

The wedding of Miss Pauline Moore, daughter of Mr. and Mrs. W. R. Moore of Canyon, and Paul E. Myers of the Amarillo Army Air Field was solemnized Saturday night at 9 o'clock in the First Baptist Church in Amarillo, with Chaplain Paul K. Sheldor reading the double ring ceremony. The bridegroom is a son of Mr. and Mrs. John H. Myers of King City, Mo.

Before the ceremony, Miss Cordelia Ragland of Borger played at the piano Liszt's "Liebestraum." For the processional she played Wagner's "Bridal Chorus" from the opera, "Lohengrin," and for the recessional she played "Wedding March" by Mendelssohn. She also accompanied Miss Sarah Ellen Foster of Borger as she sang "I Love You Truly" and "Because."

The altar was decorated with a pair of candelabra, each holding seven lighted candles flanked with a background of palms. Large baskets of white chrysanthemums were placed on either side of the altar, and seats for the relatives of the couple were marked with sprays of small gold chrysanthemums tied with ribbons in the bride's colors, gold and blue. Billy Moore, brother of the bride, and Harold Dean Moore, her cousin, lighted the tapers.

The bride's mother was escorted to her seat by the head usher, Staff Sgt. Marion Hester. They were followed by the other ushers, Sgt. Virgil Shelton, Sgt. Homer Leffler and Pvt. George Berry of the Amarillo Air Field.

The maid of honor was Miss Viola Dooley of Borger who wore a powder blue floor-length taffeta dress with three-quarter-length sleeves, and carried a colonial bouquet of gold flowers. She wore a two-strand necklace of gold beads given to her by the bridegroom.

Bridesmaids were the bride's sister, Miss Ruth Moore, and Misses Naomi Kimble of Portales, N. M., Thelma Ruth Bishop of Lawton, Okla., and Iris Dooley of Canadian. All wore gold taffeta formal gowns with short sleeves and carried colonial bouquets of white and orchid sweet peas with small gold chrysanthemums in the center. Each wore a strand of beads, gifts of the bride.

The flower girls, Peggy Graham, daughter of Supt. and Mrs. G. L. Graham of Plemmons, and Mary Jo Bailey, daughter of Mr. and Mrs. Joe Bailey of Dial, were dressed in identical white satin floor-length dresses made on lines similar to the bride's dress. They preceded the bride down the aisle, scattering rose petals from small white baskets.

Pvt. Rue Wells of the Amarillo Field served as best man.

Given in marriage by her father, the bride wore a fitted princess

style wedding gown made of heavy white satin buttoned to the waist in back with tiny covered buttons. It had long pointed sleeves and a sweetheart neckline. Her moderately long train and floor-length veil were held by her small sister, Wilma, who wore a powder blue taffeta dress. "Something new" was a strand of pearls given her by the bridegroom; a college emblem bracelet belonging to the maid of honor was "something borrowed"; for "something old" she wore her mother's gold wedding band, and for "something blue" she carried a handkerchief with blue trimming. She also had a lucky sixpence in her shoe.

Mrs. Moore, mother of the bride, wore a black crepe dress with black accessories and a white gardenia corsage.

## Reception Follows

A reception was held at 805 Monroe Street. The table was covered with a cut-work cloth and centered with a three-tiered wedding cake topped with a miniature bride and bridegroom. On either end of the table were crystal candle holders given by the bridegroom to his bride. Cake and punch were served to a large group of relatives and friends.

Immediately after the reception, the couple left by train to visit friends and relatives in various parts of Missouri. Mrs. Myers traveled in a fitted aqua blue dress trimmed with brown velvet, and accompanied by brown alligator shoes and purse, and brown hat and gloves.

Mrs. Myers is a graduate of Canyon High School and was graduated from West Texas State College in Canyon with a BBA degree. She took an active part in the commercial clubs and was active in various church organizations. She is employed as a teacher in the Plemmons Independent School.

The bridegroom attended high school in King City, Mo. Before entering military service, he was employed with the McCammon Truck Line in King City. He is stationed at the Amarillo Field.

## SOLDIERS WIVES ARE GUESTS OF GAMMA PHI

## Harter-Bentley Wedding Solemnized at New Orleans on November 11

MRS. JOHN HOWARD BENTLEY

Mr. and Mrs. Charles Harter have announced the marriage of their daughter, Lynette, to Lt. John Howard Bentley of the United States Navy, son of Mr. and Mrs. George H. Bentley, of Glendale, Calif.

The wedding was performed at 5:30 o'clock p. m., November 11 in the parlor of the First Baptist Church in New Orleans. Dr. J. P. Grey officiated with a double ring ceremony.

H. M. Baggary, former Happy resident now living in New Orleans, played a program of nuptial music which included "Liebestraum" and the traditional wedding marches. He and the bride were classmates at West Texas State College.

The bride's attendant was Mrs. LeRoy Van Nostrand, Jr., of New York City. She wore a light blue wool dress with a corsage of pink rosebuds. Lieut. Van Nostrand served as best man.

The bride was given in marriage by Yeoman Thomas W. Langston, former Canyon resident now stationed at New Orleans. She wore a white wool dress with corsage of

orchids. The dress was trimmed with purple wool embroidery on the belt and she wore a purple hat with matching veil and white gloves.

The bride's mother, Mrs. Charles Harter, attended from Canyon. She was dressed in black with a gardenia corsage.

Mrs. Bentley is a graduate of West Texas State College, majoring in piano, and attended Mary Hardin-Baylor College and the University of Texas. She was a member of Alpha Psi Omega, speech fraternity. During the past three years she has taught music in the public schools in Fort Worth and Galveston.

Lt. Bentley is a graduate of the University of California, Berkeley, and is now on his way overseas. Mrs. Bentley has returned to her teaching position in Fort Worth, living at 2206 Stanley Ave.

Guests at the wedding included Lieutenant Commander and Mrs. F. M. McCabe and their son, Philip, of Seattle, Wash., Ensign and Mrs. R. E. Lehtovaara of Boston, Lieut. J. Ford and W. Bryson and Ensign J. Nash, all of whom are stationed at New Orleans.

The fashion of tailor made suits for women originated in England.

It was 2 o'clock in the morning. The writer looked haggard and worn. For 24 hours, without a pause he had been working on his new novel.

"Darling," said his wife, "are you coming to bed?"

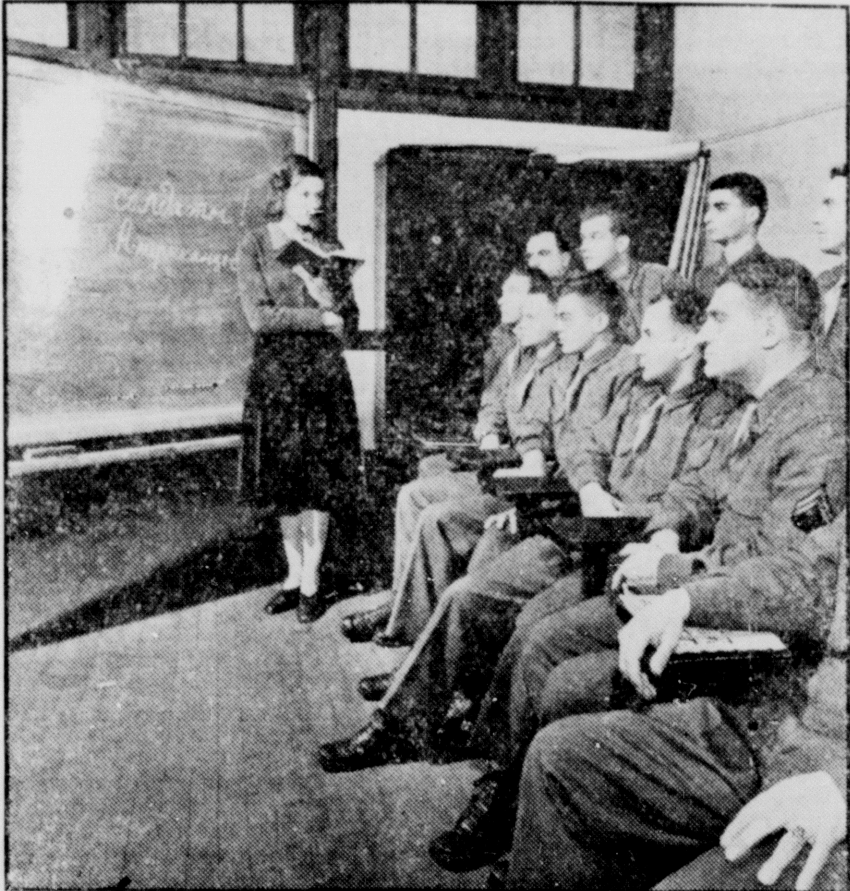

"No," muttered the busy author. "I've got the pretty girl in the clutches of the villain and I want to get her out."

"How old is the girl," asked the wife. "Twenty-two," replied the writer. "Then put out the lights and get to bed," snapped the wife. "She's old enough to take care of herself."

Mrs. Neighbors: But isn't your son rather young to join the army? Mrs. Malaprop: Well, he is very young, but then, you see, he is only going to join the infantry.

## THE NEXT STOP WAS NAPLES

The Army engineers were on the job at Pesto, Italy, near Salerno, when Lieut. Gen. Mark W. Clark's invaders landed on Hitler's Fortress Europa. Here you see a pontoon dock, where one of our big landing craft is unloading, laid right to the beach. Some idea of the size of these new landing boats built for invasions such as that of Italy can be made by comparing it with the trucks that have been swarming out of its giant maw. Your War Bond purchases helped to build such landing craft and those trucks.

## Rev. Robt. W. Jones Talked Tuesday on Thanksgiving Day

Rev. Robert W. Jones talked Tuesday at the weekly luncheon of the Rotary Club. His subject was Thanksgiving.

Miss Winifred Ramage of Borger, W. T. freshman, sang at the opening of the program, and the men's chorus of the College sang two numbers at the close, directed by Dr. Wallace R. Clark.

"Man differs from animals because he laughs and prays," stated the speaker. The little church is the foundation and the final symbol of Democracy.

More wars have been fought for religious freedom than for food, stated the speaker, as he pointed to freedom of religion as a part of our heritage.

Various quotations were read on worship. When man neglects worship, he sinks to the lowest grade as a man. The speaker pointed to the fact that worship was a good way to start the day.

"At this time it would be well for all Americans to thank God for the freedom of worship."

Visitors were: R. E. Wertz and Emmett Watson of Amarillo; Bob Lindsay of Borger.

## THIS THANKSGIVING DAY—1943

We're thankful we live in the United States and for the ideals of liberty and freedom exemplified in our form of government. We are thankful for our free institutions and our way of life. We are thankful that we are able to buy War Bonds voluntarily, so that we may have a personal and direct hand in bringing him back to us sooner. God bless him and keep him safe for us.

U. S. Treasury Department

### RATION REMINDER

Gasoline: In states outside the east coast area A-9 coupons are good through January 21.

Meats, Fats: Brown stamps G, H, J, and K, good through December 4. Brown stamp L is good through Jan. 1, 1944. Brown stamp M becomes good November 28 and remaining good through Jan. 1, 1944.

Processed Foods: Green stamps A, B, and C in book four, good thru December 20.

### TO HOLD DOWN FLOUR PRICES

To hold flour and bread prices at present levels, the Office of Economic Stabilization has inaugurated a subsidy program that will enable wheat flour millers to pay as high as parity prices for wheat (should the market go that high) and at the same time sell flour for no more than present ceiling prices. Without of subsidy, the Office of Economic Stabilization says, it would be necessary to increase present ceilings on flour, which in turn would force an increase in bread prices.

### NO INCREASE IN BUTTER

Butter available for civilian use will not increase during the next few months, although the Federal Government has discontinued all purchases of the commodity until April, according to information from OPA and WPA. Current production of butter averages about 16 pounds a year per person, or about half a pound less than in pre-war years. Of this, 3 1/4 pounds are being sent to our armed forces and our allies, leaving approximately 12 1/2 pounds per capita for civilian consumption. Up to 5 million pounds of butter will be released to hospitals from stocks held by or set aside for the Food Administration. The butter is to supply the hospitals from November through March, and ration coupons will be required.

### OPA AUTHORITY UPHELD

Authority of OPA to forbid persons from dealing in rationed commodities as a result of violations of rationing regulations was upheld in a recent decision by Federal Judge Archibald Lovett of Georgia. Judge Lovett ruled that OPA does have the authority, under the second War Powers Act, to issue such suspension orders and dismissed the

complaint filed by a gas dealer who had been suspended from dealing in gasoline for 90 days because of violation of the rationing regulations.

### LIFT PORK, LARD RESTRICTIONS

Restrictions on the number of pounds of pork and lard made from home-slaughtered hogs that can be sold or given by a farmer to people not living on his farm, have been lifted from November 17 to February 17, 1944. The War Food Administration lifted the restrictions to help handle the slaughter and distribution of this year's record hog supply. Farmers are asked to find out from their market agency or processor whether their hogs can be handled before sending them to market.

### ASK MORE WORKERS TO HELP

Farmers and workers engaged in agricultural occupations have been asked by the War Manpower Commission to give all the time they can spare in the agricultural off-season to pulpwood cutting, lumbering, and other war-useful occupations. Farm workers may transfer to such employment without obtaining a certificate of availability but, if of military age, must still obtain approval from their selective service boards. Local boards have been instructed to approve transfers for periods up to four months, and registrants will be continued in their deferred classifications. Workers are expected to return to agricultural employment at the end of the off-season, or at any other time the need for them arises. Shortages in logging and saw-mill products make it imperative that workers be recruited immediately. Any farmer or farm worker who does not have ready access to logging and saw-mill operations is urged to communicate with the United States Employment Service Office in his community for information. Some other industry may have greater priority in his area.

### BYRNES URGES "SAVE PAPER"

Urging a greater drive to conserve and salvage paper, James F. Byrnes, Director War Mobilization, said: "The war needs for paper and paper board are greater than our present ability to produce. The shipment of bombs and shells depends upon paper bands and con-

tainers. Rations, blood plasma, medicines, bullets—all find their way to the fighting fronts in paper containers. . . . we must all curtail all unnecessary use and then get all waste paper to local salvage committees or local charitable organizations and thence to the mills at once. Every scrap of paper that you can save and turn in will help."

### APPLE PRODUCTS TO COST MORE

Consumers will pay more for apple products because OPA has increased maximum prices for apples in sales to processors. The amount of the increase at the consumer level will vary with the product and the size of the package.

### INCREASE IN UNEMPLOYED MONEY

Unspent and unemployed money

in the United States during the second quarter of 1943 amounted to 2.6 billion dollars, compared to the 1.7 billion dollars in the second quarter, 1942, the Office of War Information said in the first quarterly report on economical stabilization. In spite of paying more taxes and buying more War Bonds, Americans still were able to build up a store of unspent money. Should holders of this money now begin to bid against each other for scarce products, it would make the job of holding the line against rising prices more difficult.

### RESTRICTS FARM EQUIPMENT SALES

To prevent others from getting scarce farm equipment needed by farmers, the War Production Board has issued a revision of the Farm Machinery Order, L-257, which prevents dealers from selling rationed farm equipment for non-farm use, except on a rated order of AA-4 or higher.

### GIVE WAR STAMPS FOR CHRISTMAS

"A stamp in every stocking"—that's what the Treasury Department wants for Christmas. To encourage the giving of war stamps, many ideas for utilizing them in gifts and decorations have been suggested—war stamps attached to a cellophane bag containing a small gift; war stamp label ornaments; a tiny Santa Claus holding stamps; small Christmas stockings containing stamps; a baby's rattle with stamps tied on with ribbons; and children's toys, with stamps attached. The stamps may also be used as decoration on wreaths, fastened to candles, and on Christmas cards.

### BE THANKFUL FOR FOOD

"I think we should thank the Creator with particular humility for the possession (food) that makes our armies liberators, not looters," said Marvin Jones, head of the War Food Administration, in a Thanksgiving Day statement. To the peoples of looted, starving countries, Mr. Jones continued, "The coming of the Americans means a chance to live again, to work their land and enjoy its products. We will not take their food. We have our food. For that, and for all it means we give thanks."

### MAY CUT POINT VALUES

Storekeepers, distributors, and others in the food trade may cut point values of canned, frozen, and dried ration foods that might spoil if held in stock too long, OPA announced recently. However, point values may be cut only if prices are cut at least 25 per cent.

### TO COLLECT CLOTHING AND RAGS

The nationwide drive for collection of discarded clothing and rags started November 22 and will continue through December 4. Only discarded clothing is wanted and all types are needed, according to WPB. Donors are requested to see that woolen garments are brushed and cotton garments and rags are clean. Mending is not required. Any unwearable clothing that can be reduced to rags is also desired. Not wanted are shoes, rubbers, rubber boots, overshoes, galoshes, slippers, leather leggings, leather gloves, hats, caps, neckties, collars, garters, garter belts, suspenders, belts, girdles, corsets, brassieres, veils, spats, rubber coats, diapers, and masquerade costumes.

## OUR PILGRIM FOREFATHERS

Deserve all the honors that has since been accorded them.

They had the vision of a land of homes with religious freedom and had the courage to sacrifice for their ideal. And they were thankful for the manifestation of God's goodness to them.

The men and women of today continue to have ideals of home—and they continue to sacrifice in order to realize them. They too, deserve much credit.

## Horse in Need of Conditioning Now

### Important Factors In Care of Horses

Since the horse has returned to stay—for the duration at least—farmers should start now if they want to put their animals into top condition before spring work begins.

According to the department of animal pathology and hygiene at the University of Illinois college of agriculture, good feeding is essential, but consideration should also be given to methods of ridding horses of internal parasites. Bots live in the stomach, while roundworms, strongyles and other parasites live in the small and large intestine and, during certain stages of development, in other body tissues.

The best time to treat horses for parasites is during the winter months. Carbon disulphide is effective in ridding horses of bots and

Randolph Shell pours seed peanuts into a planter on his father's farm near Littleton, N. C.

roundworms. Phenothiazine, the drug now so widely used for the control of internal parasites of sheep, is particularly effective in removing strongyles from the digestive tract.

There is, however, an element of danger in the treatment of horses for parasites. Such matters as correct dosage and methods of administration, as well as care given before and after treatment, require the skill and judgment of a veterinarian. A few farmers have used parasite control measures upon advice of a veterinarian for many years.

Two other things, trimming the feet and removing sharp corners from the teeth, should be taken care of before horses are harnessed for field work. These jobs can be done at the same time the horses are given treatment for parasites.

### Hardwoods

At the U. S. Forest Products laboratory at Madison, Wis., new wood uses have been uncovered which have been adopted by industry. Among these are wood plastics, made by heating millwaste with acids which convert it into a molding powder for floor tiles and switchboard panels.

Corrugating board for shipping containers is made from chestnut chips discarded after tannin is extracted. Black jack oak and red gum may be substituted as chestnut wood disappears through disease.

Over 200 recent buildings have utilized glued and laminated structural beams and arches which are made from cheap, low-grade small-sized boards put together under pressure. Prefabricated houses are being marketed with panels for walls, floors and roofs made from plywood glued to light frame.

Strong papers are being made for wrapping from maple, birch and aspen. Cellophane is made from pulped wood, treated chemically to convert it into jelly. This is filtered through narrow slits to become transparent sheets.

At a California lumber mill, red wood sawdust, chips and shavings are compacted under pressure into small logs sold for fireplaces, dining cars and ship galleys. Shredded redwood bark, known as Palco wool, is being marketed for insulation. When finished, it is a fluffy material resembling a mass of red hair.

### More Farm Machinery

Success in meeting farm production goals for 1943 will be dependent to a great extent upon getting the last possible ounce of help from machinery. Every piece of power farm equipment should be given a general overhauling to make certain it will be ready to operate when needed. Efforts also should be made to make community work schedules for tools which will not be used full-time on the farms of their owners. All this will help our war effort.

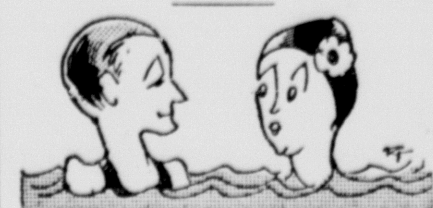

The greatest undeveloped territory lies under your hat.

### LEND A HAND

The tiny jockey married a woman at least twice his weight. After the ceremony he asked some of the guests to drop over to his flat. The best man looked doubtful. "Thanks, Sammy," he said, "but after all it's kind of late. Maybe your wife wouldn't approve of company at this hour."

The jockey shrugged. "Oh, I don't expect you chaps to stay long," he explained. "All I want is for you to help me carry the bride across the threshold."

### BROKE THE ICE

He—Is this your first plunge this year?  
She—No, I got married in January.

### No Compliment

Cooking was the young wife's hobby, and what she lacked in skill she made up in zeal.

One day, when a neighbor's small boy ran an errand for her, she rewarded him with a generous piece of jam tart which she had made with her own fair hands.

A few minutes later the youngster was back again.

"Thank you very much for the jam," he said, with shy politeness. "Here's your bit of board back!"

### Their Hard Luck

He was one of those fathers who believed in trying to answer any questions put by his son. So he did his best when the youngster asked: "What are ancestors, daddy?"

"Well, my boy," he replied, "I'm one of your ancestors, and your grandfather is another."

A puzzled frown marred the childish brow.

"Then, daddy, why do people brag about them?"

### Or Hamburger

Once upon a time a bicycle accosted a horse. "Get off the earth!" said the bicycle. "I am going to supplant you entirely." The horse smiled. "Nay, nay," it rejoined gently; "they can't make canned corn beef out of you."

### Motive for Bravery

Myron—Tell me how you were brave enough to rescue your friend from falling into the broken ice in the river?

Byron—I had to. He had my skates on.

### Backyard Gossipers

Little Lou—How's your big brother getting along in school?

Little Sue—Terrible. They're teaching him to spell 'taters' with a P!

### Enforced Labor

Mother—Did your Dad promise you something if you weeded the garden?

Sonny—No. He promised something if I didn't.

### Design for Living

Myron—How can you manage to afford such long vacations?

Byron—Oh, that's easy: one month on the sands and eleven on the rocks!

### Play Ball!

K. P. Sarge—What's the idea of dusting off the plates?

Rookie—Just force of habit. I used to be a baseball ump.

### LOOK FOR THE GAL

"Man's original fall was brought about by an apple."

"Now it's always a peach."

### Lovely Teacher

Mother—Does your math teacher like you, son?

Sonny—Sure, Mom. She writes a big kiss over every sum I do.

### Just Imagine!!!

If you think life is tough, just imagine what it's like to lose your glasses and not be able to look for them until you find them.

### Right of Way

Old Lady—Does this train stop at Union Station?

Trainman—If it doesn't there's going to be a sweet little wreck.

### Dumbunny

Boy—Give me a dime's worth of notebook paper, please.

Clerk—Here you are!

Boy—How much is it?

### Generosity

Caller—Will you help the Old Ladies Home?

Mr. Tite—Sure, be glad to. Where do they live?

### Unexpected Result

She—I've spilled ink on all these letters!

He—That's black mail!

### What a Break!

Bob—I heard about a man who lives on garlic alone.

Harry—He should live alone.

The use of machinery in farming in America dates from about 1850.

### BULLDOZERS FRONT AND CENTER

When the American Army moves it does things in the American way. At Pesto, Italy, 25 miles South of Naples the bulldozers moved in with the first waves of Lieut. Gen. Mark W. Clark's invading Fifth Army. Here is shown one of them building a road right down to the landing beach. The War Bonds you buy are helping build that road that is leading to Berlin and Tokio.

Rev. R. F. Jones of the Assembly of God Church, Amarillo, preached a good sermon Sunday morning and was a dinner guest in the W. R. Franklin home.

Rev. Jack Reeves of Plainview, newly called pastor of the Wayside Baptist Church will be ordained into the ministry in the Wayside Church at 8 p. m. Saturday.

Wyman Stockett and Mr. Allen, representatives of the Gideon Camp of Amarillo spoke at the church to a fair crowd Sunday night. The Gideons are doing a great work in placing the gospel in the hands of our armed forces as well as placing Bibles in public places.

Miss Mayben Howard and Tom Moudy, Jr., were married Nov. 10. He is in the armed services of his country.

Miss Beatrice Stevens and First Lt. Eugene Davis of Liberal, Kansas were married in the chapel by the chaplain at the Amarillo Air Field, Nov. 17. They are stationed in Liberal, Kansas.

Clifford Stevens, who is stationed at Frederick, Okla., spent the week end with home folks.

Mrs. Jessie Chloe Lane was able to be brought to the parental E. J. Mahler home from the hospital about the middle of last week and is improving nicely.

Mr. and Mrs. Wm. Payne of Dumas spent Sunday night in the W. R. Franklin home.

### Tierra Blanca

Mrs. Dorothy Marie Adams of Amarillo spent Saturday night and Sunday in the H. H. Hand home.

Cpl. Roy Joe Stevens of Bryan Field spent three days with his wife and family last week.

Helen Judd and Juanita Watts of Amarillo spent the week end with Louella Pitt.

Mr. and Mrs. H. H. Hand and Dorothy Marie Adams called in the C. V. Conaster home Sunday.

Mrs. J. B. Hager's mother and father, Mr. and Mrs. Burrus, are visiting her for a few days while their home is being completed.

Lola Margaret Stevens and children spent several days visiting Mrs. D. D. Stevens last week.

Imogene Hand visited Dorothy Marie Adams Sunday night and Monday in Amarillo.

### "Deathless Days" Will Be Observed In Texas in 1944

The Texas Junior Chamber of Commerce "Deathless Days" and "Smash the Seventh Column" program is scheduled over the state in the next few months. Last year there were 16,500 war workers killed and 60,000 injured in accidents that could have been avoided.

Angus H. Cockrell, Jr., of San Antonio, chairman of the Jaycee safety committee, has outlined a safety program, which includes a statewide drive for a "Deathless Days" week next Spring; a concerted drive to control pedestrian traffic and enforce Driver's License laws; establishment of school safety patrols; and a drive to include safety education in the public school system.

The campaign has been worked out in detail, and material can be procured from Mr. Cockrell, it was pointed out.

"I know of no more worthy war work an organization could take part in than lending its efforts to keep Uncle Sam's men on the job in the factory, office or farm," Rooper stated. "We hope that not only the Texas Jaycee organization, but any other civic group interested, will help put over this important war campaign."

## Open House At Both Dorms On Sunday Afternoon

There will be open house at both Cousins and Randall halls each Sunday afternoon from 4 p. m. to 6 p. m. Last Sunday, the Gamma Phi sorority was hostess at Cousins. There will be group singing, games, and music.

Also on the schedule of diversions are the Saturday night Aviation Students' Dance from 8:15 to 11:30 in Cousins Hall, open house on Tuesday night from 8 to 9, Cousins Hall, and skating in the Buffalo Gymnasium from 8 to 11. Delta Zeta Chi provided the decorations for the last two dances. Gamma Phi sorority will provide the decorations for the Christmas dance scheduled for December 18.

## Canyon Garden Club

The vicissitudes of the past year almost brought annihilation to the Garden Club of Canyon in numbers. Teaching and other jobs claimed many of the active members, but a few enthusiastic ones were determined to "carry on." As a result the club has the following report to make of which the members are justly proud:

The club started off with a tea for the officers at the home of the president, Mrs. J. A. Hill. At this meeting it was voted to contribute \$5.00 to the local Red Cross.

Each following monthly meeting was held in the Thompson Club rooms. Interesting and timely talks were given by authorities on vegetable and flower gardening.

Clean Up Week was endorsed by the club and valuable assistance given.

Flowers were kept in the college and army infirmaries during the flower season.

A shower of jellies, jams and fruit juices was given to the army infirmaries.

Ten dollars was donated for tulips to be planted in the border of the college dahlia bed.

Five dollars was contributed for

## More Than Ever Now

magazine subscriptions for the local Aviation Detachment.

Five dollars was donated to the Red Cross Council for magazine subscriptions for the Amarillo Flying Field.

"Garden Leaves," paragraphs on flowers and vegetables were written by the president for the Canyon News.

As is customary with all Garden Clubs the Canyon group has disbanded for the winter months. Officers for the following year are: President, Mrs. J. A. Hill, protom;

1st vice president, Mrs. Geo. Nance; 2nd vice president, Mrs. J. L. Dufflot; secretary, Mrs. A. L. Tarleton; treasurer, Mrs. Levi Cole; parliamentarian, Mrs. Jack Taylor; publicity chairman, Mrs. C. A. Murray.

First Chorus Girl: I'm divorcing John; you don't know what I've gone through with that man.

Second Chorus Girl (sweetly): About \$100,000, wasn't it?

The seven-day week, the 12 divisions of the year, and the sun dial all originated in Chaldea.

Dinner guests in the G. E. Wesley home Sunday were Mr. and Mrs. Hollis Shipman and children, Jerry, Nanearle and Doylejean, and Etta Jean Sharpes.

Visitors in the J. W. Wesley home Sunday were Frank Rogers, Ervin Wilson and Tommy Woods.

Rev. James will be with us again next Sunday.

Rev. Reeves, pastor of Wayside church will be ordained at Wayside Saturday night.

The Centerview Club will sponsor a bake sale and bazaar at Happy the first Saturday in December.

## Dr. A. C. Ellis Is Coming In December

Dr. A. Caswell Ellis, professor of psychology at the University of Texas, will be here at the Amarillo Center the week beginning the sixth of December. Dr. Ellis founded the adult college of Cleveland, Ohio, which is probably the largest adult college in America, having over 7,000 students. He is now working with the Hogg foundation at the University of Texas.

His visit here is to help with our adult education program, particularly at Amarillo. He will make two addresses to the faculty while here and to various adult groups in Amarillo during the week. He will hold many conferences with Mr. Boger and Mrs. Reeves. Mrs. Reeves is chairman and Mr. Boger vice-chairman of W. T.'s adult education committee.

## CITATION BY PUBLICATION THE STATE OF TEXAS

To Mamie Sterling, Defendant, Greeting. You are hereby commanded to appear before the Honorable District Court of Randall County at the Court House thereof, in Canyon, Texas, at or before 10 o'clock A. M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 3rd day of January A. D. 1944, then and there to answer Plaintiff's Petition filed in said Court, on the 15th day of October A. D. 1943, in this cause, numbered 1790 on the docket of said court and styled C. L. Sterling Plaintiff, vs. Mamie Sterling Defendant.

A brief statement of the nature of this suit is as follows, to-wit: Plaintiff sues the defendant for divorce on the grounds of harsh, cruel and unkind treatment and excesses and outrages to such extent as to render their further living together as husband and wife insupportable. Plaintiff asks for the care and custody of the minor children of plaintiff and defendant, named in the petition filed herein. Plaintiff asks for the homestead of the family to be set aside to him and the minor children. That the homestead consists of 50.25 acres of land out of the North One half of the North West quarter of Survey No. 152 Block 2 A. B. & M. Land in Randall County, Texas, where plaintiff resides as is more fully shown by Plaintiff's Petition on file in this suit.

The officer executing this process shall promptly execute the same according to law, and make due return as the law directs.

Issued and given under my hand and the Seal of said Court, at office in Canyon, Texas this the 19th day of November A. D. 1943.

Attest: A. B. HOLT, Clerk, District Court, Randall County, Texas.

# How many miles older is your car this week?

"Every mile you drive makes it more important than ever to

Care for your Car for your Country"

IF TIRE AND GASOLINE RATIONING were removed tomorrow, no victory-minded American would permit himself one single mile of unnecessary automobile driving!

Let the truth of this fact sink in. Even if gasoline and tires were plentiful, cars are not. There will be no new cars for the duration. And every mile you drive, today and tomorrow and the day after, is an irreplaceable withdrawal from the Nation's bank of total transportation miles.

That is why your Uncle Sam is talking like a Dutch uncle when he tells you to care for your car for your country. You must protect and even pamper your car to coax every last bit of mileage from its aging engine and chassis.

Phillips 66 Service Wardens are pledged to do their utmost to perform all services which will improve the efficiency of your car and lengthen its life. Remember, the car which is driven this winter with tires unchecked... with battery uninspected... with friction points unlubricated... may literally be running at the expense of the Nation's war effort.

The Phillips 66 Service Warden is waiting at every Phillips 66 Service Station, ready and anxious to do his part to help you "Guard America's Mileage." Drive in soon for complete Service-Warden Service at the Orange and Black 66 Shield... sign of famous Phillips 66 Gasoline and Phillips 66 Motor Oil.

Gather your kisses while you may. For time brings only sorrow. The girls who are so free today Are chaperones tomorrow.

### THE DIFFERENCE

Man: "What's the difference between the blueplate special and the whiteplate special?"

Waiter: "The whiteplate special is five cents extra."

Man: "Is the food better on the whiteplate special?"

Waiter: "No; but we have to wash the plates."

# Scorn Overweight Motor Oil this Winter of War

"The Lighter the oil the better"... Discover how very light, by changing to Winter OIL-PLATING

Have you ever been a new papa? Have you ever had to enlarge the hole in the nipple of baby's bottle? The hot milk, just about as fluid as anything, barely comes through. Far "skinnier" than small holes in nipples are many of the oil spaces in your car's engine. That's still true after it is middle-aged or beyond. Any oil...any oil...has a hard enough time coming through and spreading all around. Overweight oil—easily thickened by cold—is far worse. The lightest oil your engine can use this season is rightest. And you can know that light oil will more than stand the gaff when it

includes the ability to give your engine internal OIL-PLATING.

Because a Winter change to Conoco N<sup>th</sup> motor oil adds OIL-PLATING to engine parts, you can go your car's limit on lightness. Any good plating is a protective surface, and so is OIL-PLATING—attached all over your engine's insides, as if strongly "magnetized" there by a synthetic that's part of patented Conoco N<sup>th</sup>. Now every moving part enveloped in its close-fastened OIL-PLATING must slide upon the rupture-resistant fluid film of Conoco N<sup>th</sup>. Safety is multiplied!—though your economical Conoco N<sup>th</sup> is so light that your battery, too, has every chance to outlive the Winter, and the War. OIL-PLATE at Your Conoco Mileage Merchant's—today. Continental Oil Co.

## Dread Engine Acid Fought by OIL-PLATING

Normal combustion always leaves acids inside of your engine when it stops.

Formerly it seldom stood idle long. Soon mileage and speed heated your engine enough to oust acids.

But nowadays rationing may force long rests, while corrosive acids gnaw. To combat corrosion, metals are plated. You combat acid corrosion with your engine OIL-PLATED.

Judge: "Amos, I cannot conceive of a meaner, more cowardly act than yours of running away from your wife. Do you realize you are a deserter?"

Amos: "If you knowed dat lady as I does, you wouldn't call me no deserter. Ah is a refugee—dat's what Ah is."

A lady we know walked out on her husband because she couldn't stand the way he talked. Now she has gone home to murther.

A Chinaman passing by remarked: "Amelicans vely wasteful. That woman good for ten years yet."

### Boyce House to Read Tribute to Dr. J. A. Hill

When Boyce House, popular Texas radio commentator, goes on the air at 12:45 next Sunday, Nov. 28, for the Justin Boot and Shoe program, he will read a tribute to Dr. J. A. Hill, president of West Texas State College. This tribute, written by Clyde W. Warwick, appeared in the Canyon News recently, in recognition of Dr. Hill's twenty-five years of loyal service to this school.

During his administration, the school has expanded from a normal school to a standard 4-year college with graduate work, and more buildings have been added. Dr. Hill can well be proud of this fine record in achieving so much in spite of wars, droughts and depressions.

And that recalls those words of Carleton's: "Boys flying kites, haul in their white-winged birds; You can't do that way, when you're flying words."

Babe Ruth hit 60 home runs in 1927.

### Highland News

It's hog killing time again. Every neighbor is managing to find a few minutes in his busy day to give a hand.

Mrs. E. E. Sharp and Mrs. L. E. Mason received their diplomas after attending one of the six weeks in Home Nursing held in Amarillo.

Tuesday a group made a good beginning on redecorating the Highland school.

Mr. and Mrs. G. Johnson were dinner guests of Mr. and Mrs. W. N. Cretsingher of Wildorado.

L. E. Mason and Carl Puqua returned from Dallas Thursday.

Friday afternoon a AAA meeting was held at Highland school. All officers were re-elected.

Mr. and Mrs. Jack Baker returned this week from California where they were called by the critical illness of Mr. Baker's sister, who is now recovering.

For hours a picket walked up and down a busy street carrying a sign that was absolutely blank. Asked what was the big idea, he replied, "I'm looking for a sponsor."

Missionary: Poor man! So you know nothing of religion.

Cannibal: Oh, yes. We got a taste of it when the last missionary was here.
